with the Dollywood Foundation

Group 6  
Children born in 2015

Ladybird's First Fabulous Facts is an illustrated non-fiction series for 3-5 year olds. Fun and fascinating facts engage young children and bring their favourite interests, hobbies and obsessions to life. Planet Earth helps children understand the world around them. It looks at the concepts of land and water, climate and weather, as well as our planet's different habitats and the animals that live in them.

### Where in the World?

Make new friends and discover new places with Where in the World?
